

## Why Indiana?

We believe there are many good reasons for you to place your school's property and casualty insurance program with Indiana Insurance™. Let us outline some of those reasons for you.

- Indiana Insurance has been in business since 1851, and insuring schools for more than 30 years.
- Indiana Insurance is rated "A" (Excellent) by A.M. Best Company, the industry standard for financial strength.
- We are a member of the Liberty Mutual Group, one of the largest and strongest insurance groups in the world.
- Throughout our long history in the school insurance market, we have built strong, effective partnerships with schools. We are a company you know and trust.
- We have knowledgeable, professional, independent agents representing Indiana Insurance. Locate Indiana Insurance agents at [www.indiana-ins.com](http://www.indiana-ins.com)
- Indiana Insurance has an entire department with experienced, trained, dedicated employees who deal only with schools. It's what we do.
- Indiana Insurance offers the broadest, most comprehensive school insurance coverages available, at excellent value, under one program. This makes claims handling and settlement easier.
- We underwrite and price your coverages based on your *individual* school district's loss experience and exposures. Pools, trusts, or other alternative risk transfer mechanisms may be based on combined *group* loss experience. While group experience may benefit high-loss districts, it may be economically unfavorable to low-loss, safety-conscious districts.
- Our policies are *not* assessable. We do *not* perform premium audits on your policies, other than workers' compensation. (*WC audits are required for reporting to the National Council on Compensation Insurance rating bureau.*)
- No separate membership or initiation fees are required to place your insurance with Indiana.
- Our mission statement — Safer Schools. Safer Students. Better Future. — highlights our commitment to help you provide a safer learning environment for your students and employees.
- Superior loss prevention services for schools at no extra charge, including seminars, web meetings, on-site training, electronic safety newsletters, playground inspections, bus safety programs, guest speakers, and videos.
- Indiana Insurance policyholders have access to our Safety Advantage Network™. This network of selected providers offers schools safety and loss prevention services at preferred prices.
- Indiana Insurance supports school board and administrator associations.
- We can provide optional replacement cost coverage on school buses.
- Indiana Insurance now offers Violent Event Response Coverage for Schools.
- Indiana has stayed the course and remained in the school insurance market through good times, and bad. We are here for the long run. Again, it's what we do.
